acadewole@gmail.com | 832.987.4331 | 6822 Hartland Street Houston, TX 77055 | https://lojickse7en.github.io/myportfolio/

OBJECTIVE

To obtain an entry-level position as a Front-End Web Developer to build upon my motivation for growing and learning new skills as well as applying the experience I have acquired to advance my career in front-end web development.

EXPERIENCE

HOSTGATOR

Web Advisor Coach + Administrator   February 2015 – Present | Houston, TX

- Support large workload of maintenance-related tasks for a substantial portfolio of website clients, applying design and website coding best practices.
- Update website content through front end code editing, edit responsive website code, interpret responsive email coding and cross-client compatibility, and crop and implement images for website maintenance.
- Manage and support team of 20 web advisors with troubleshooting website and server issues during client interactions, using Linux Bash/Shell access to server content.
- Create training material and lead training sessions for new and tenured agents to quickly and efficiently resolve website issues that occur on the server using Bash, Regex, and SSH/Terminal.

ADEWOLE DESIGNS

UI|UX Designer + Web Developer   July 2018 – Present | Houston, TX

- Create hand-coded robust websites from scratch – from concept to design and launch – focusing on responsiveness, compatibility, and user experience.

PROJECTS

PORTFOLIO SITE

- Built using CSS, HTML, and JavaScript.

SENTENCE READABILITY

- Written in C to calculate the grade level at which the sentence is written.

SKILLS + ABILITIES

LANGUAGES

- Bash, C/C++, CSS, Git/Github, HTML, JavaScript, Linux, PHP, Python, SQL, WordPress, Angular, and React.

PROGRAMS

- CentOS, Dreamweaver, MS Office, MSSQL, MySQL, MS Visio, Oracle, Photoshop, Red Hat Enterprise, Linux, and VS Code.
